

Trip to **LONDON**

With the lycee Jules Verne
On 17th to 22nd april 2023

First Day

Night Trip

Departure from Cergy at 10:15pm to Dunkirk to take the ferry.

We arrived at Dover at 5:30 AM. **Let's go to London !**

London

Once arrived in London, we saw the Big Ben and London Eye while walking along the Thames towards the "museum Tate Modern."

Tate Modern

In Host Families

The family lived in an apartment. We only saw the mother, she was nice but not very talkative.

My worst memory of this trip is that one evening we had no hot water to take shower.

Meals...

We both eat with Nolwen. It was frozen meals and breakfast bread with yogurt and milk.

But at noon we were buying food because the sandwiches were simply bread and ham.

Second Day

Olympic Park

In the morning we had a guided bus tour of Olympic Park and Lee Valley Velopark.

London Olympic Park is a sports **venue** in Stratford in the London Borough of Newham.

The 2012 summer Olympic were held there.

We saw the different sports complexes and the buildings of the city.

Lee Valley Velopark

It is a reception hall for the **sport of cycling** located on Queen Elisabeth Olympic Park in London.

We ate in front of
Tower of London and
see Brooklyn Bridge.

It was great.

Greenwich Park

We went to Greenwich Park is a royal Park known for that great view of London.

Third Day

Royal botanic gardens kew

We spent the morning visiting these gardens .

It was so pretty and nice to see.

The garden was big it had tall towers, greenhouse's, fish etc...

The Design Museum

In the early afternoon we went to the design museum it was an original museum to do.

Oxford Street

At the end of the day we walked to Oxford Street the famous street known for shopping we had free time to shop but everyone got lost because it was crowded and it was raining.

It was one of my favorite moments because i like shopping.

The last day

Business District of London

A guide told us the history of the business district and buildings known as the Walkie-Talkie which is 150 meters high. The highest bold sky is 470 meters.

After eating we made a museum on money where the teacher gave us a sheet with questions.

M&M'S

For the brave we walk an hour to go the M&M's store and Lego. It was cool ! There was all types of m&m's you could eat because there are distributors. All sorts of color ;-)

The end of this trip

We took the bus back to the ferry and we arrived in Cergy 3 hours early !

The return was cool !

We all mixed in the bus in order to talk about this trip.

We would have liked this trip to last longer haha!!

The best time is when everyone hears and talks to each others!!!

My second favorite moment.

BIG UP TO OUR TEACHERS WHO ACCOMPANIED US !!!!

SPECIAL THANKS TO MISS HOURDEAU FOR THE ORGANISATION !

It was a beautiful trip with lot of fun and very good memories !
