

My trip in London

By Théo Chanteloup

Monday-Tuesday

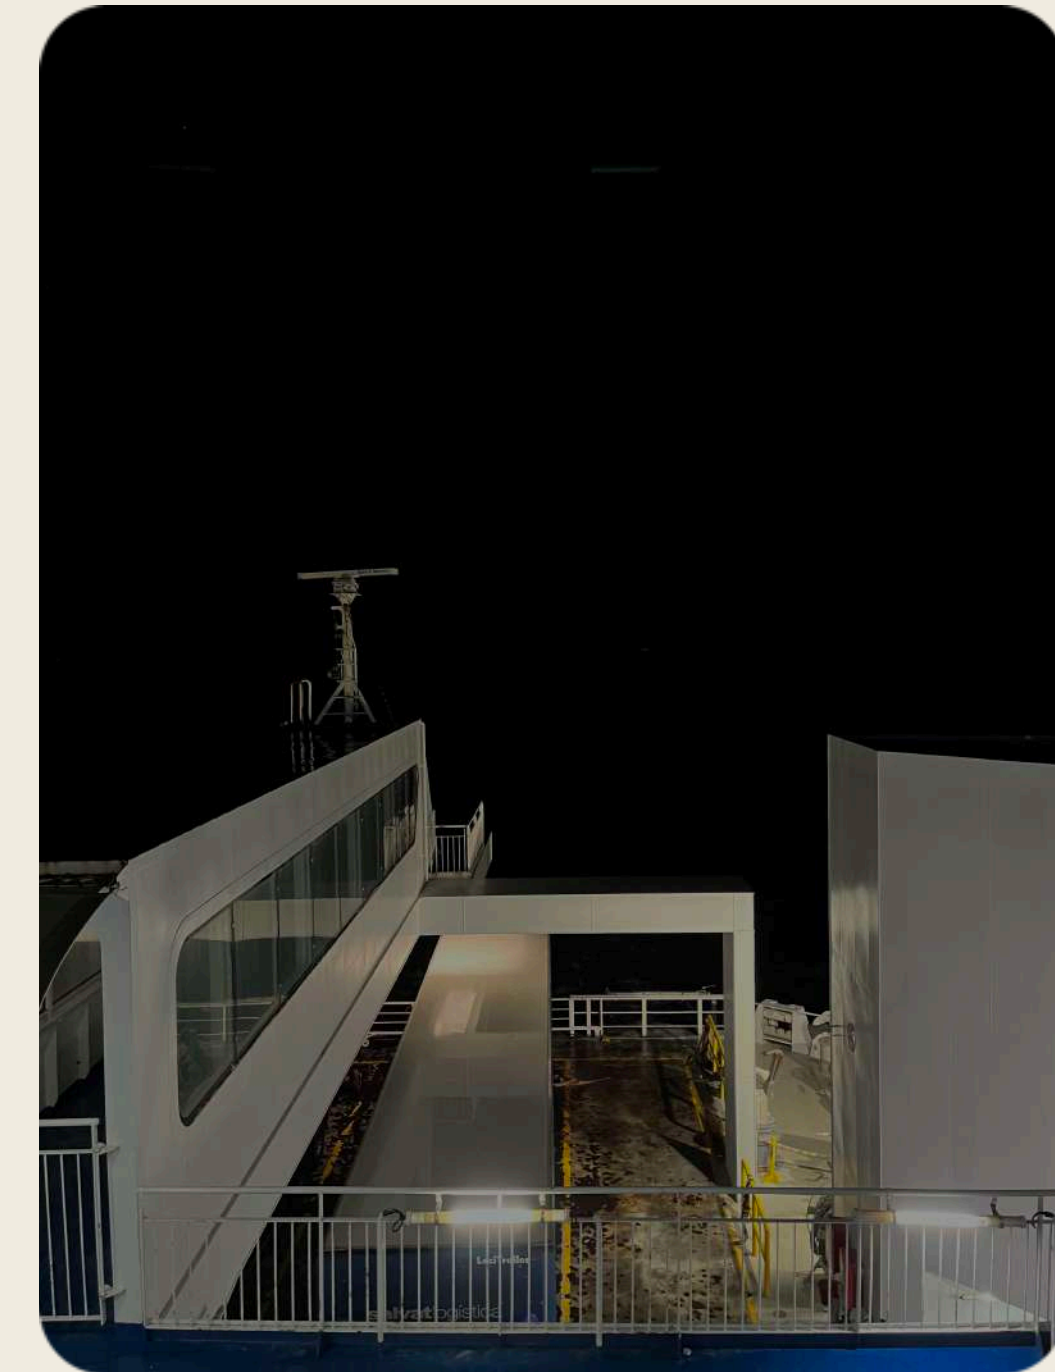

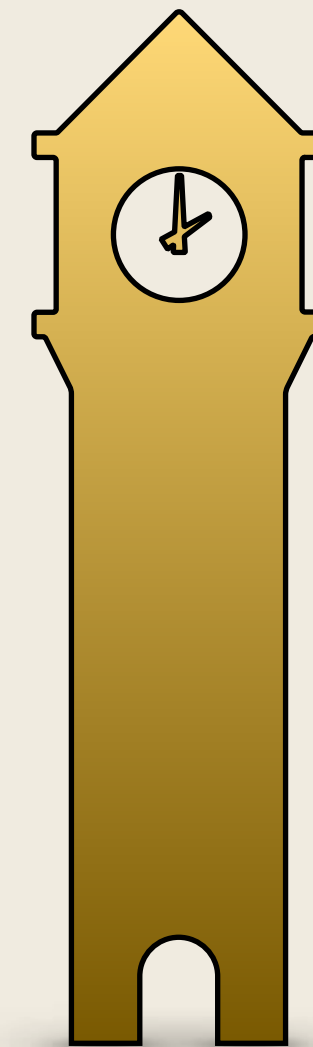

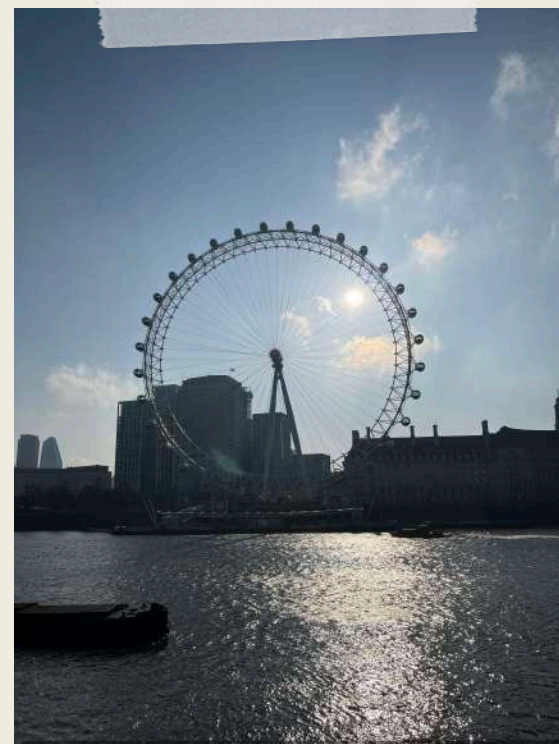

I joined the group at 10pm
in front of the high school
to go to port 🚢

We arrived at the
port of
Dunkerque
around 2:30am

We arrived in London around 10am
and we saw BigBen and The Eye of
London and I drank a milkshake
with my friends 🥤 🇬🇧

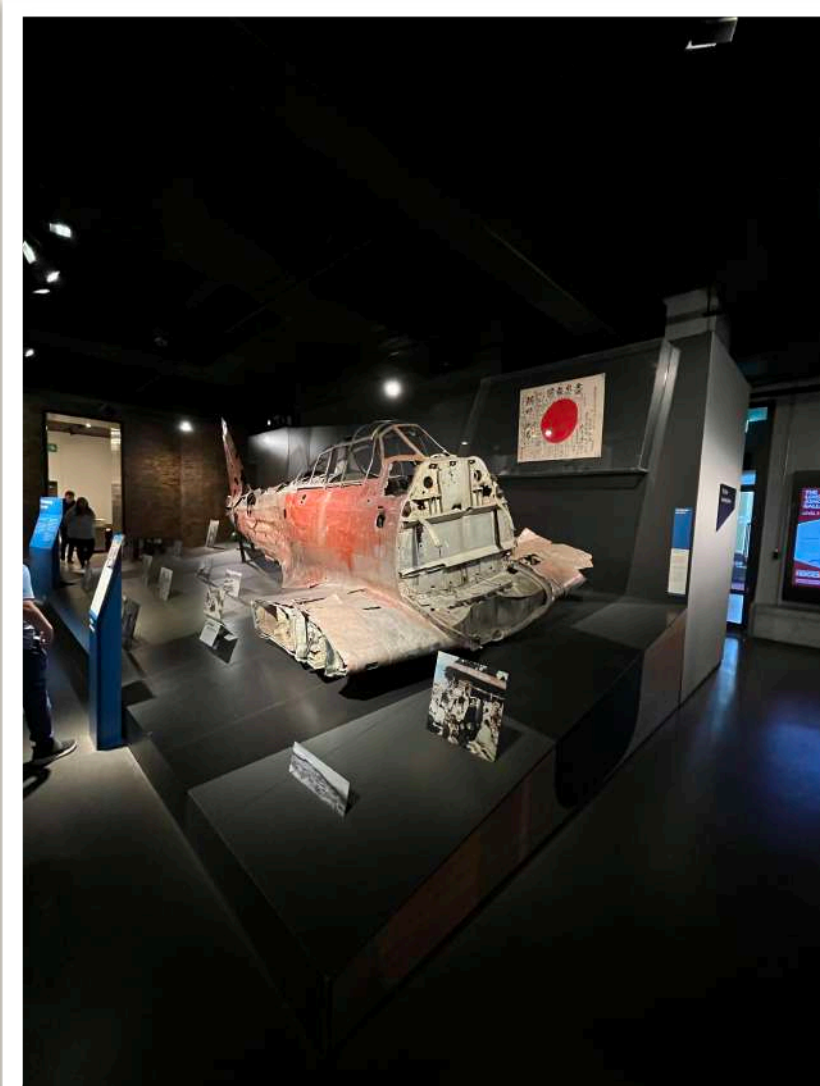

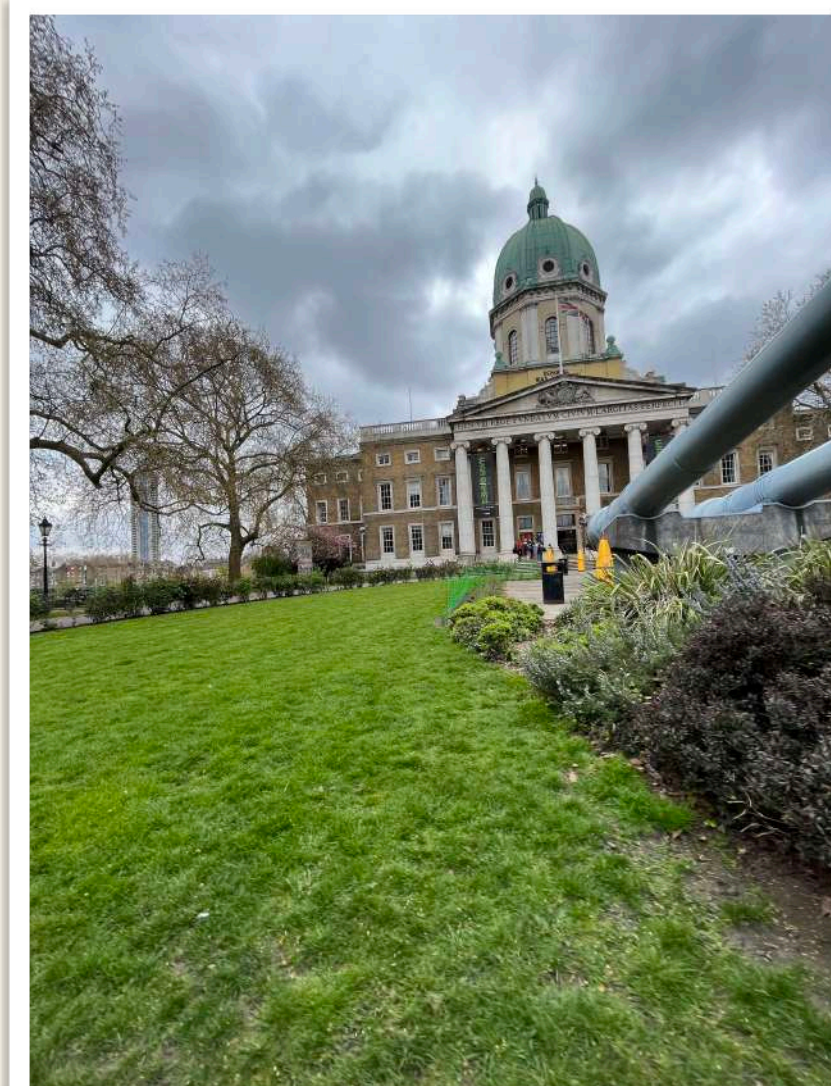

Monday-Tuesday

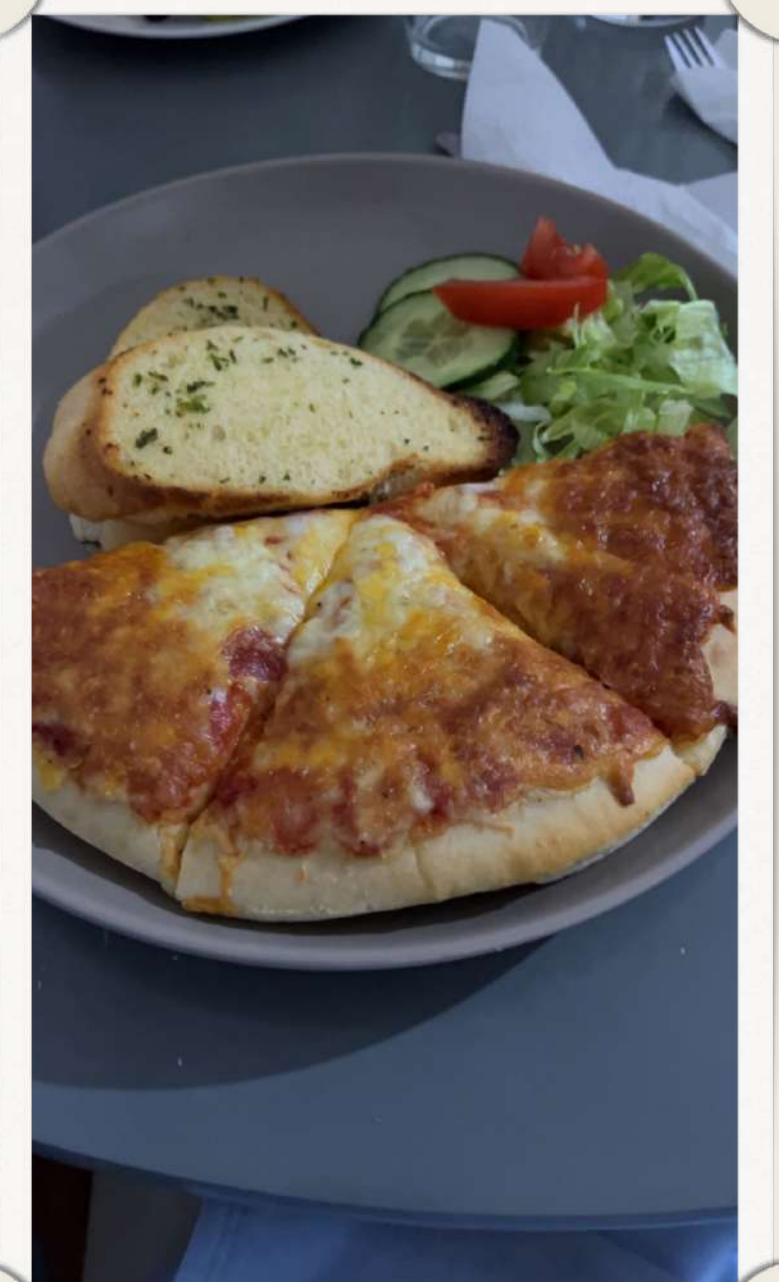

This day we visited two museums: Tate Museum and the imperial museum but that was long because I was very tired 😴

Tate Museum

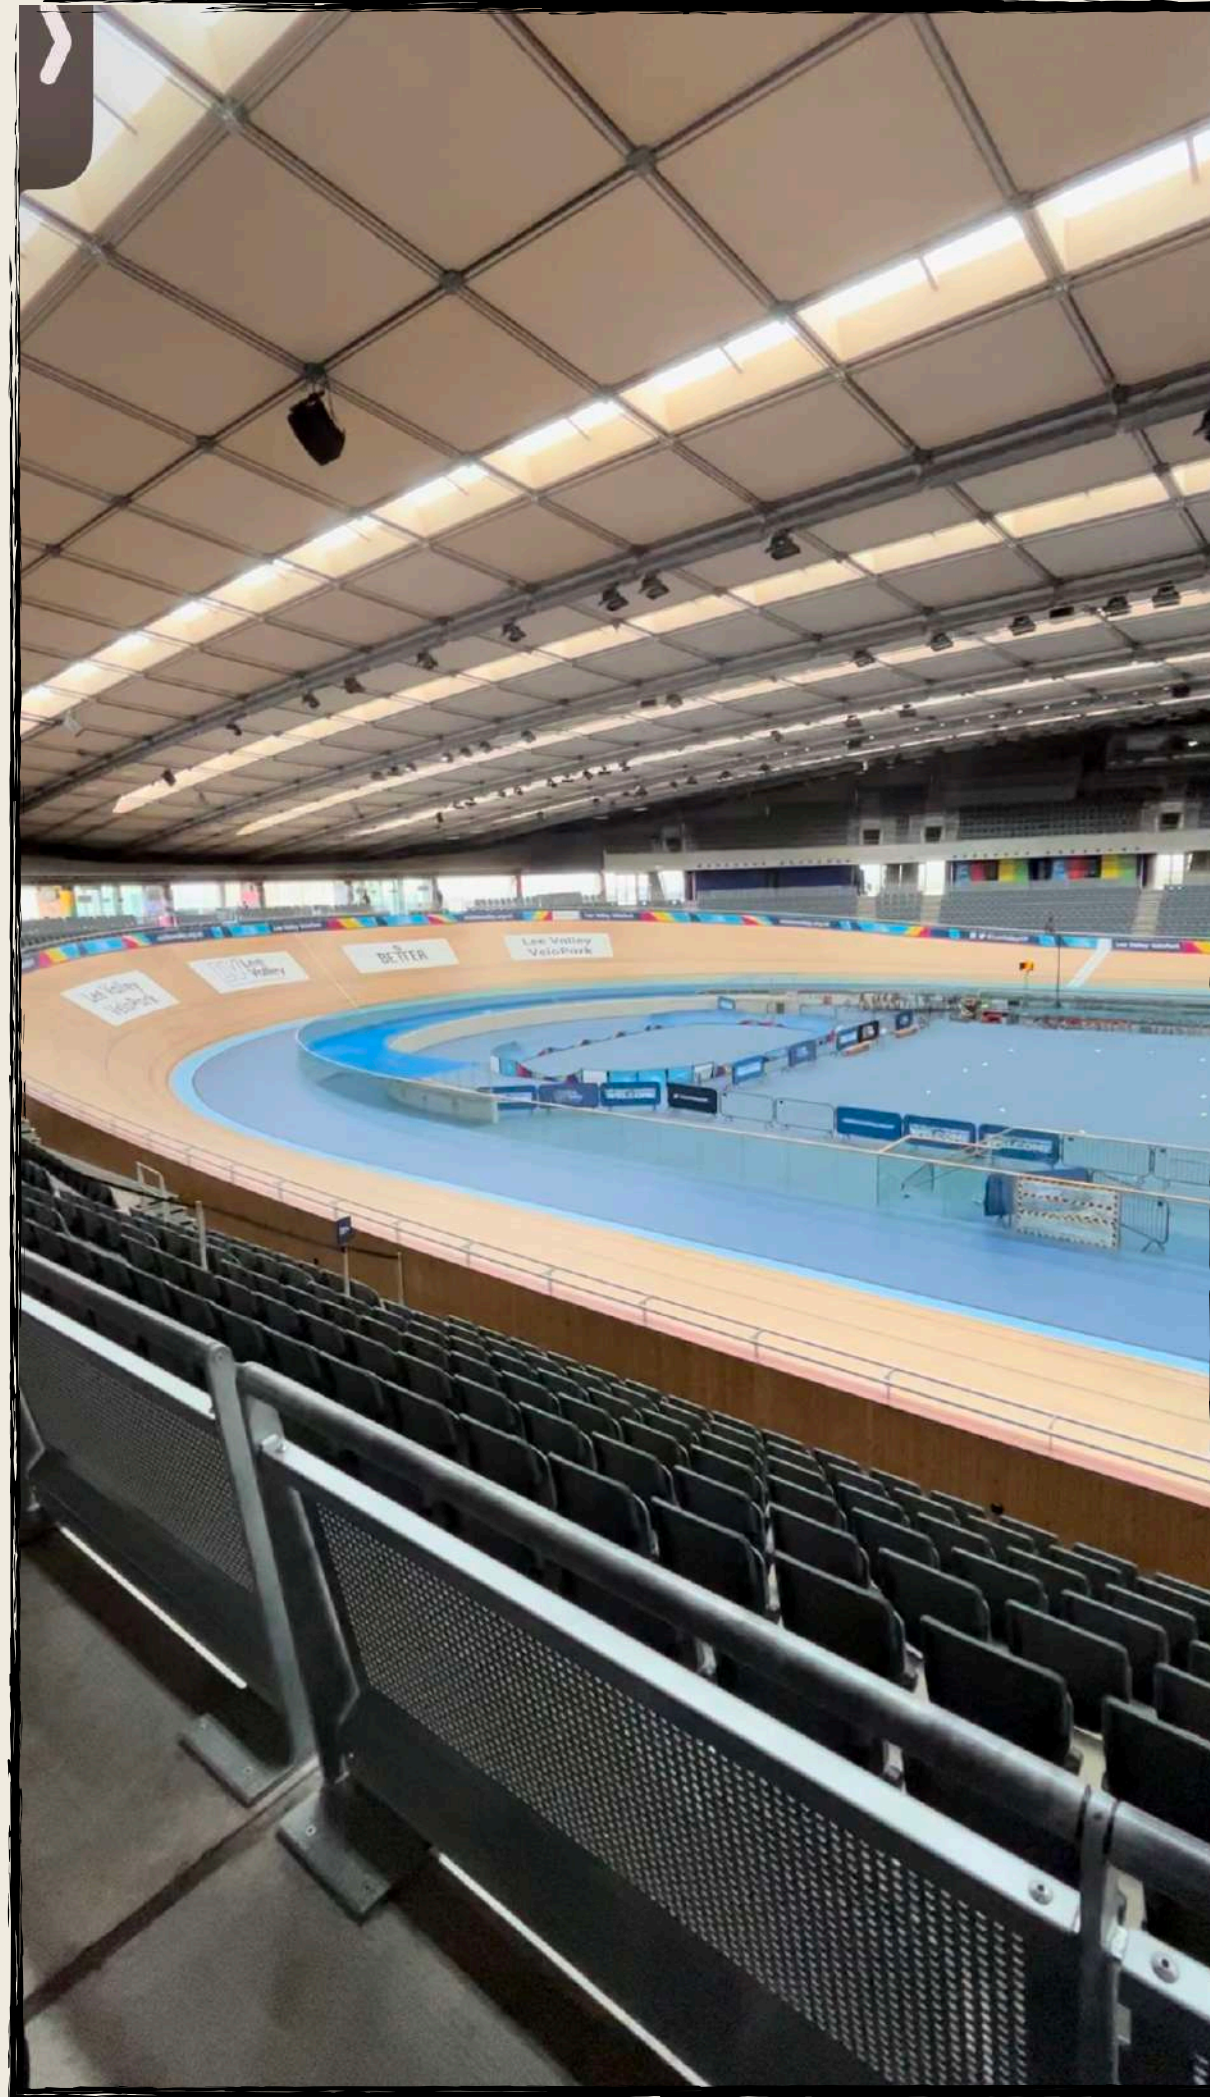

Imperial museum

And the first night, I met my host family. She was a nice girl and she lived with her husband and her daughters. Her name is Nadia. She prepared a pizza for the dinner and it was very delicious 🍕

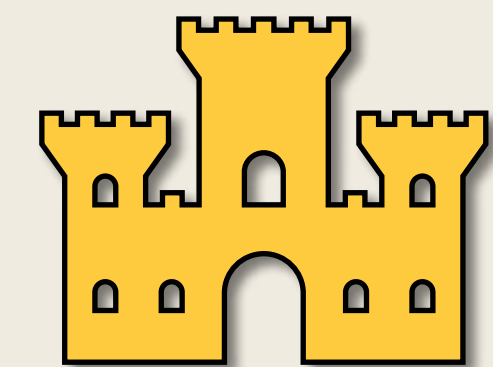

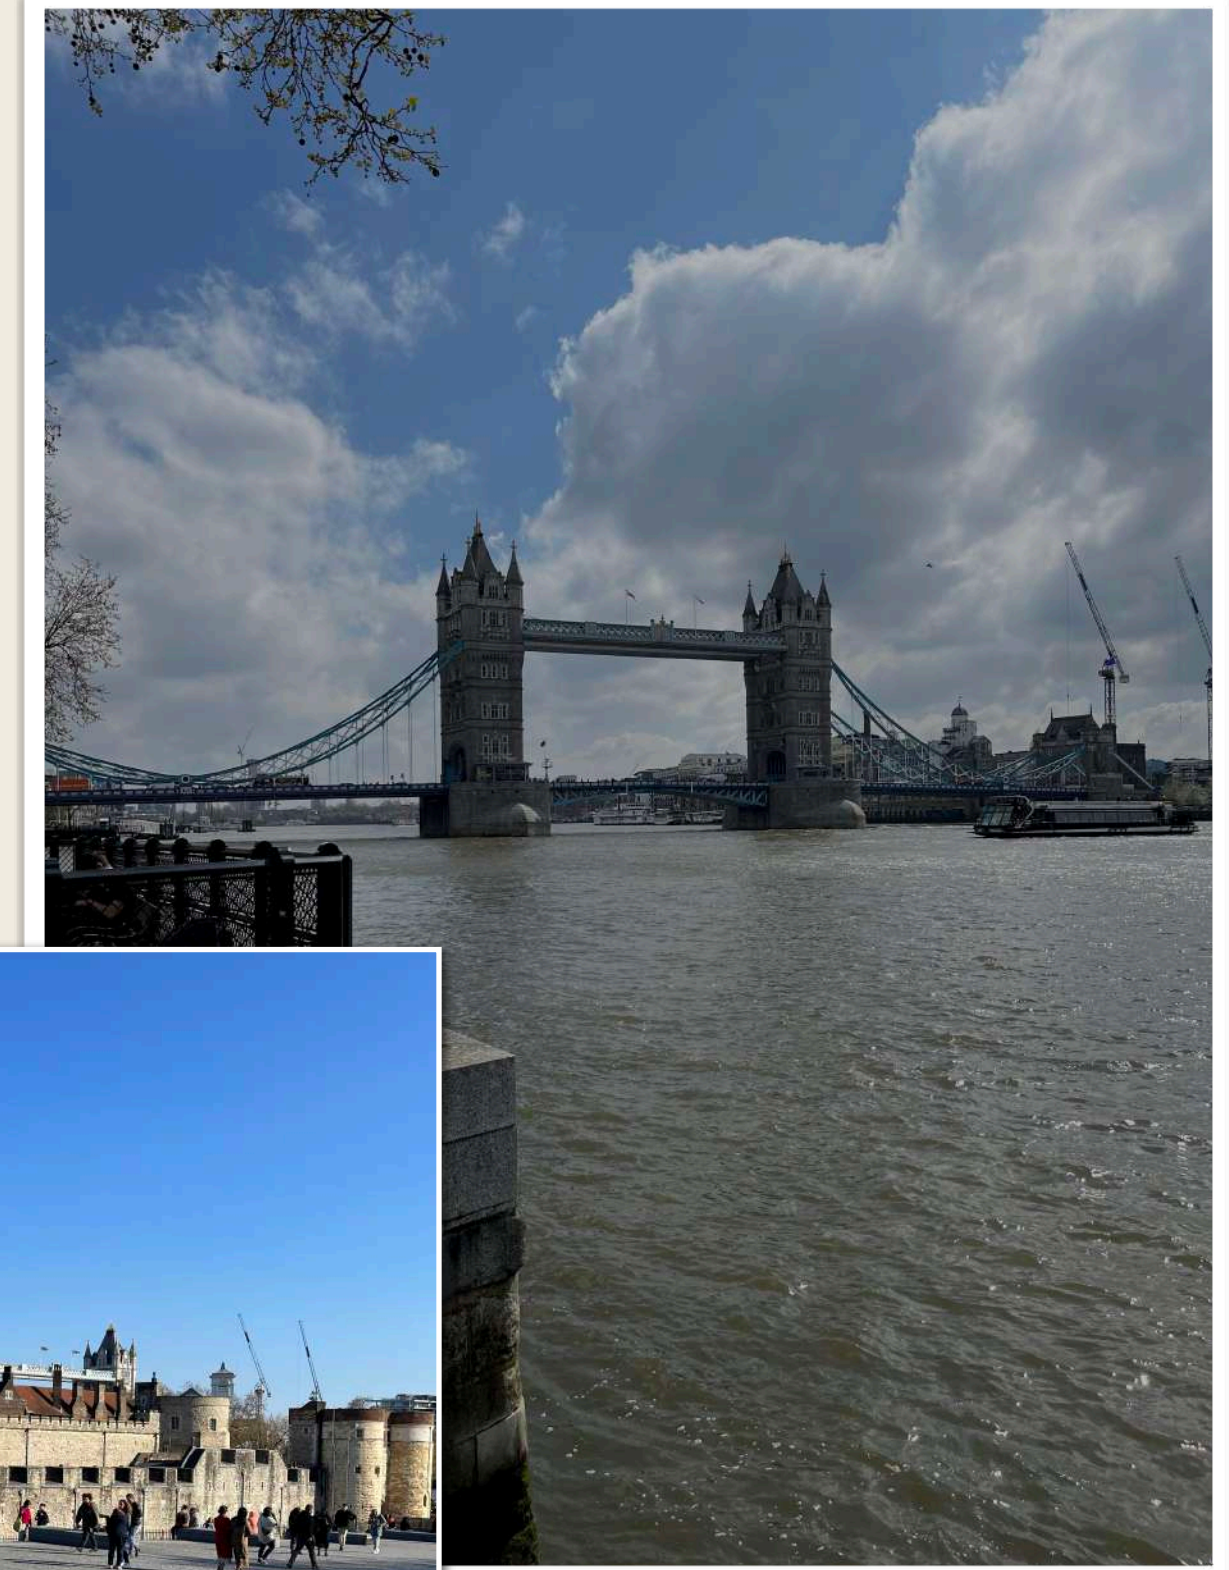

Wednesday

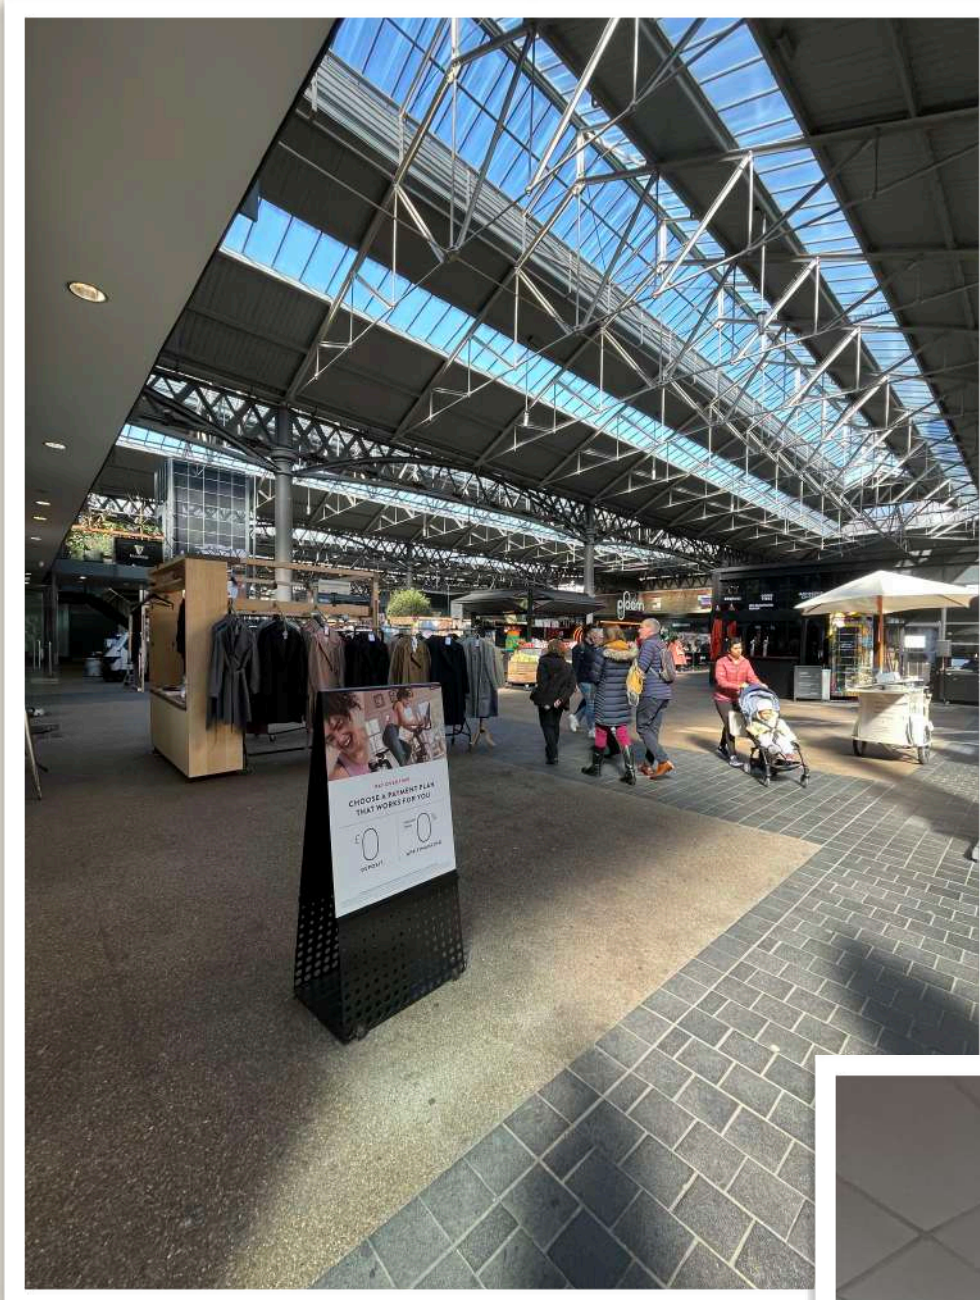

Wednesday morning
we were into the
Queen Elizabeth
Olympic Park and
then we had a guided
tour in bus of
Dockland

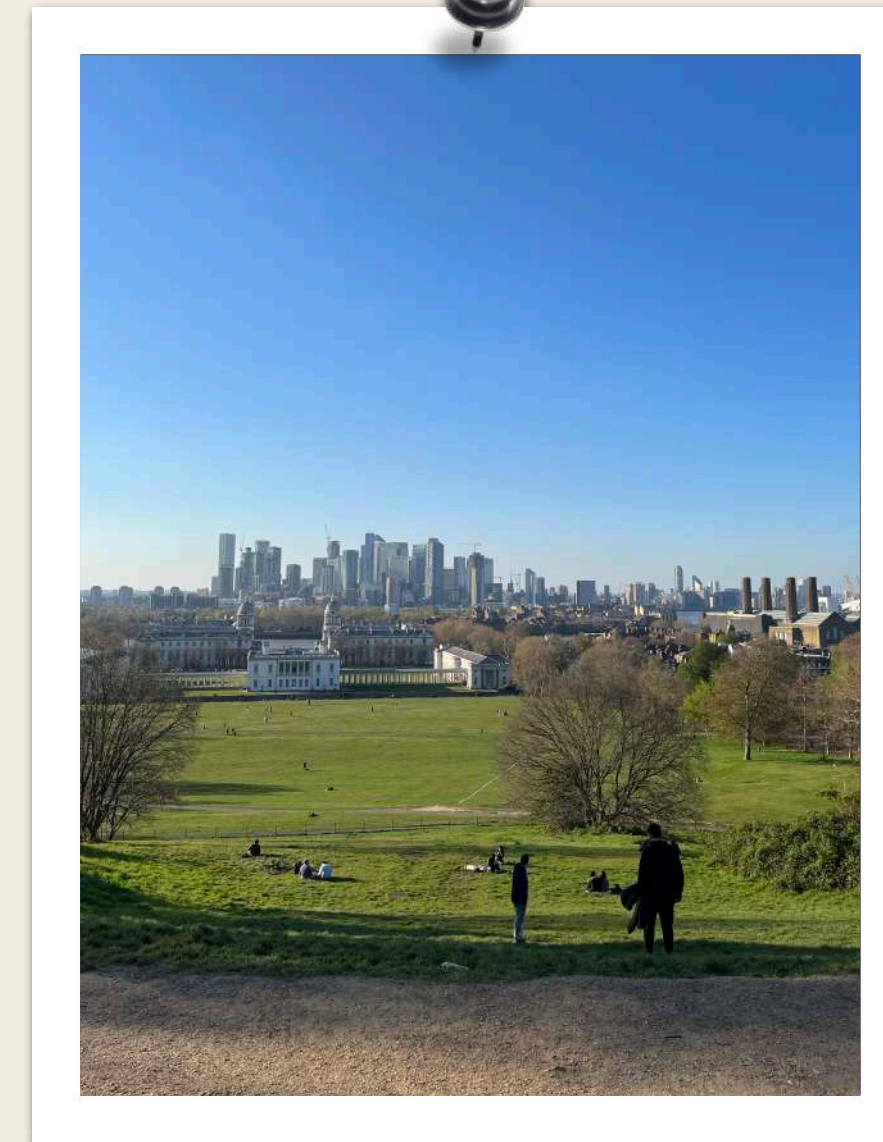

At noon, we ate
in front of Tower
of London

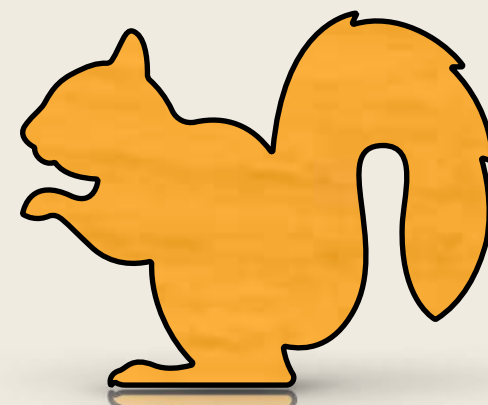

Wednesday

We walked a lot into London that day and we went in Old Spitalfields

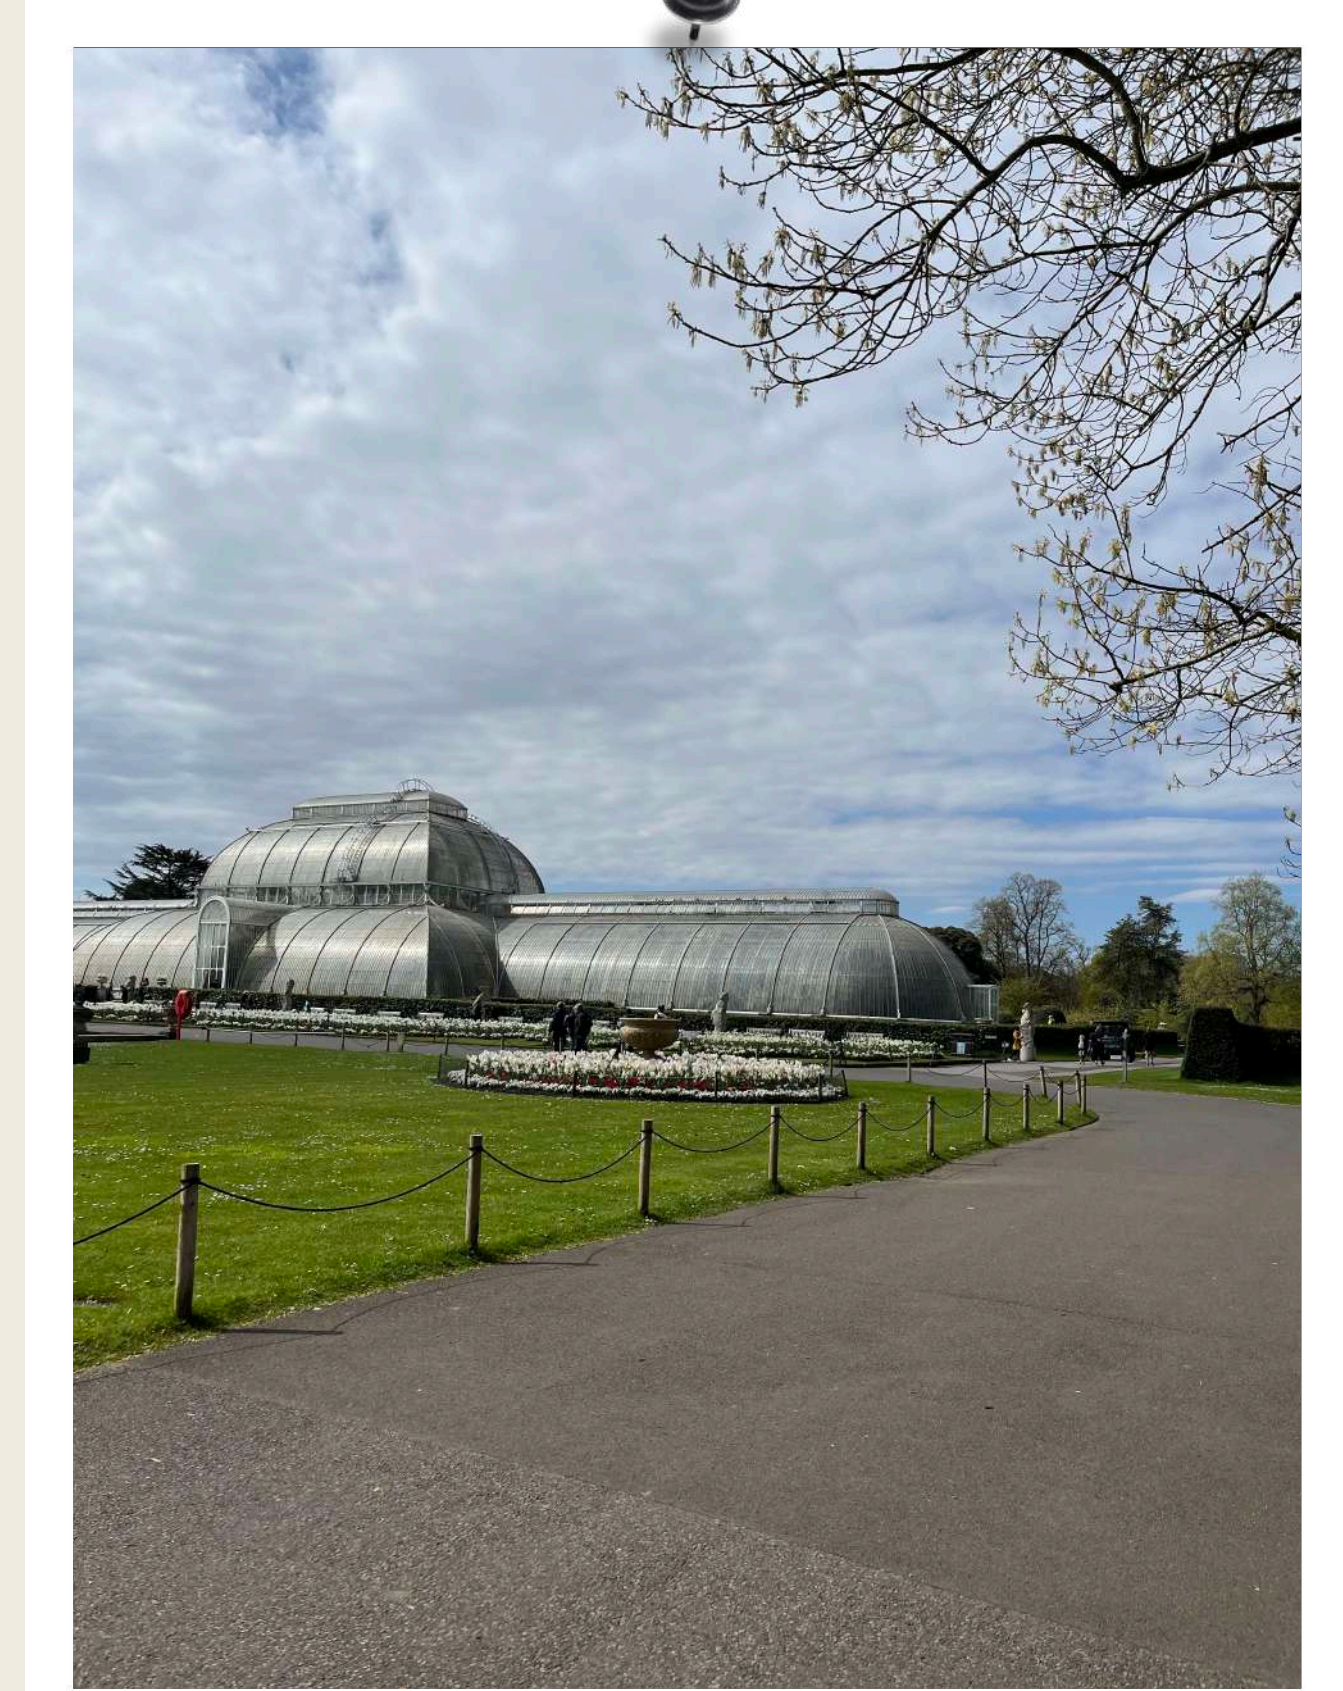

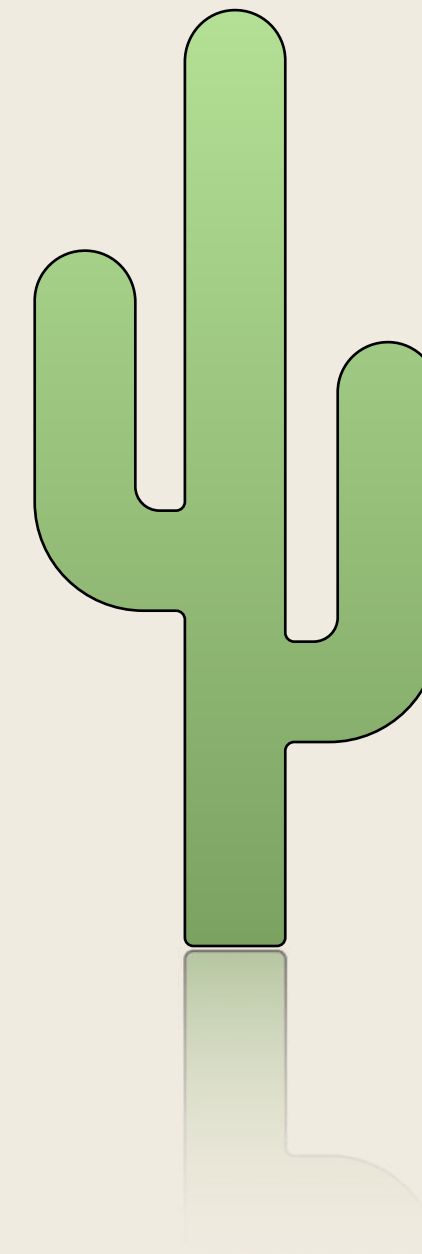

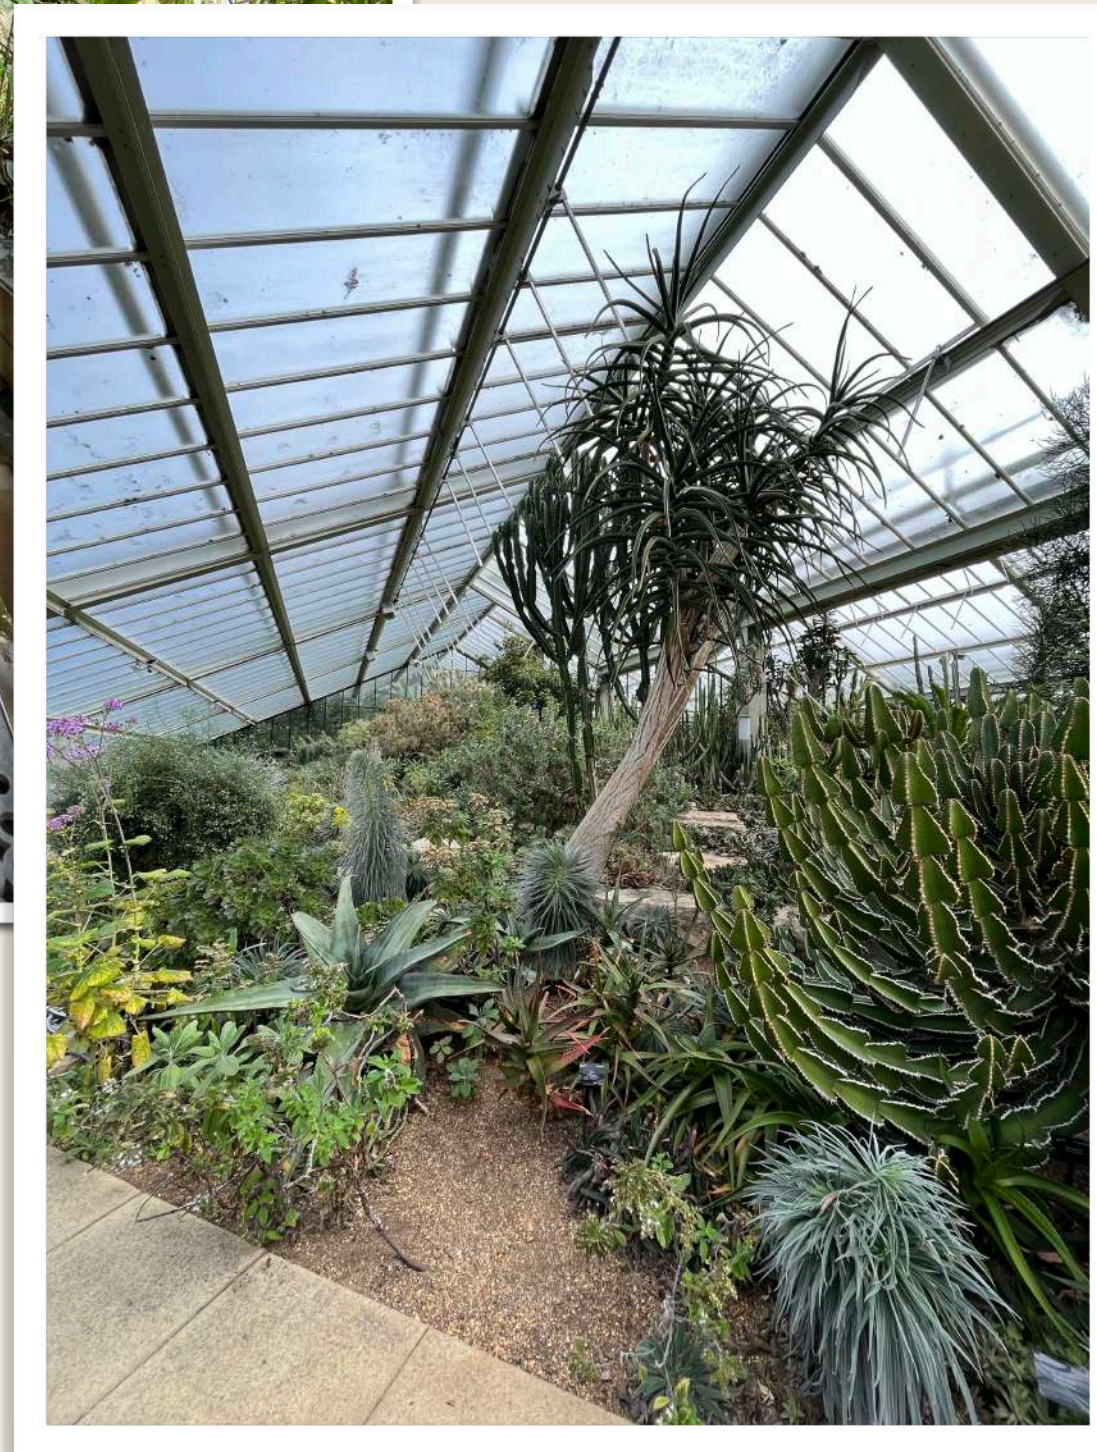

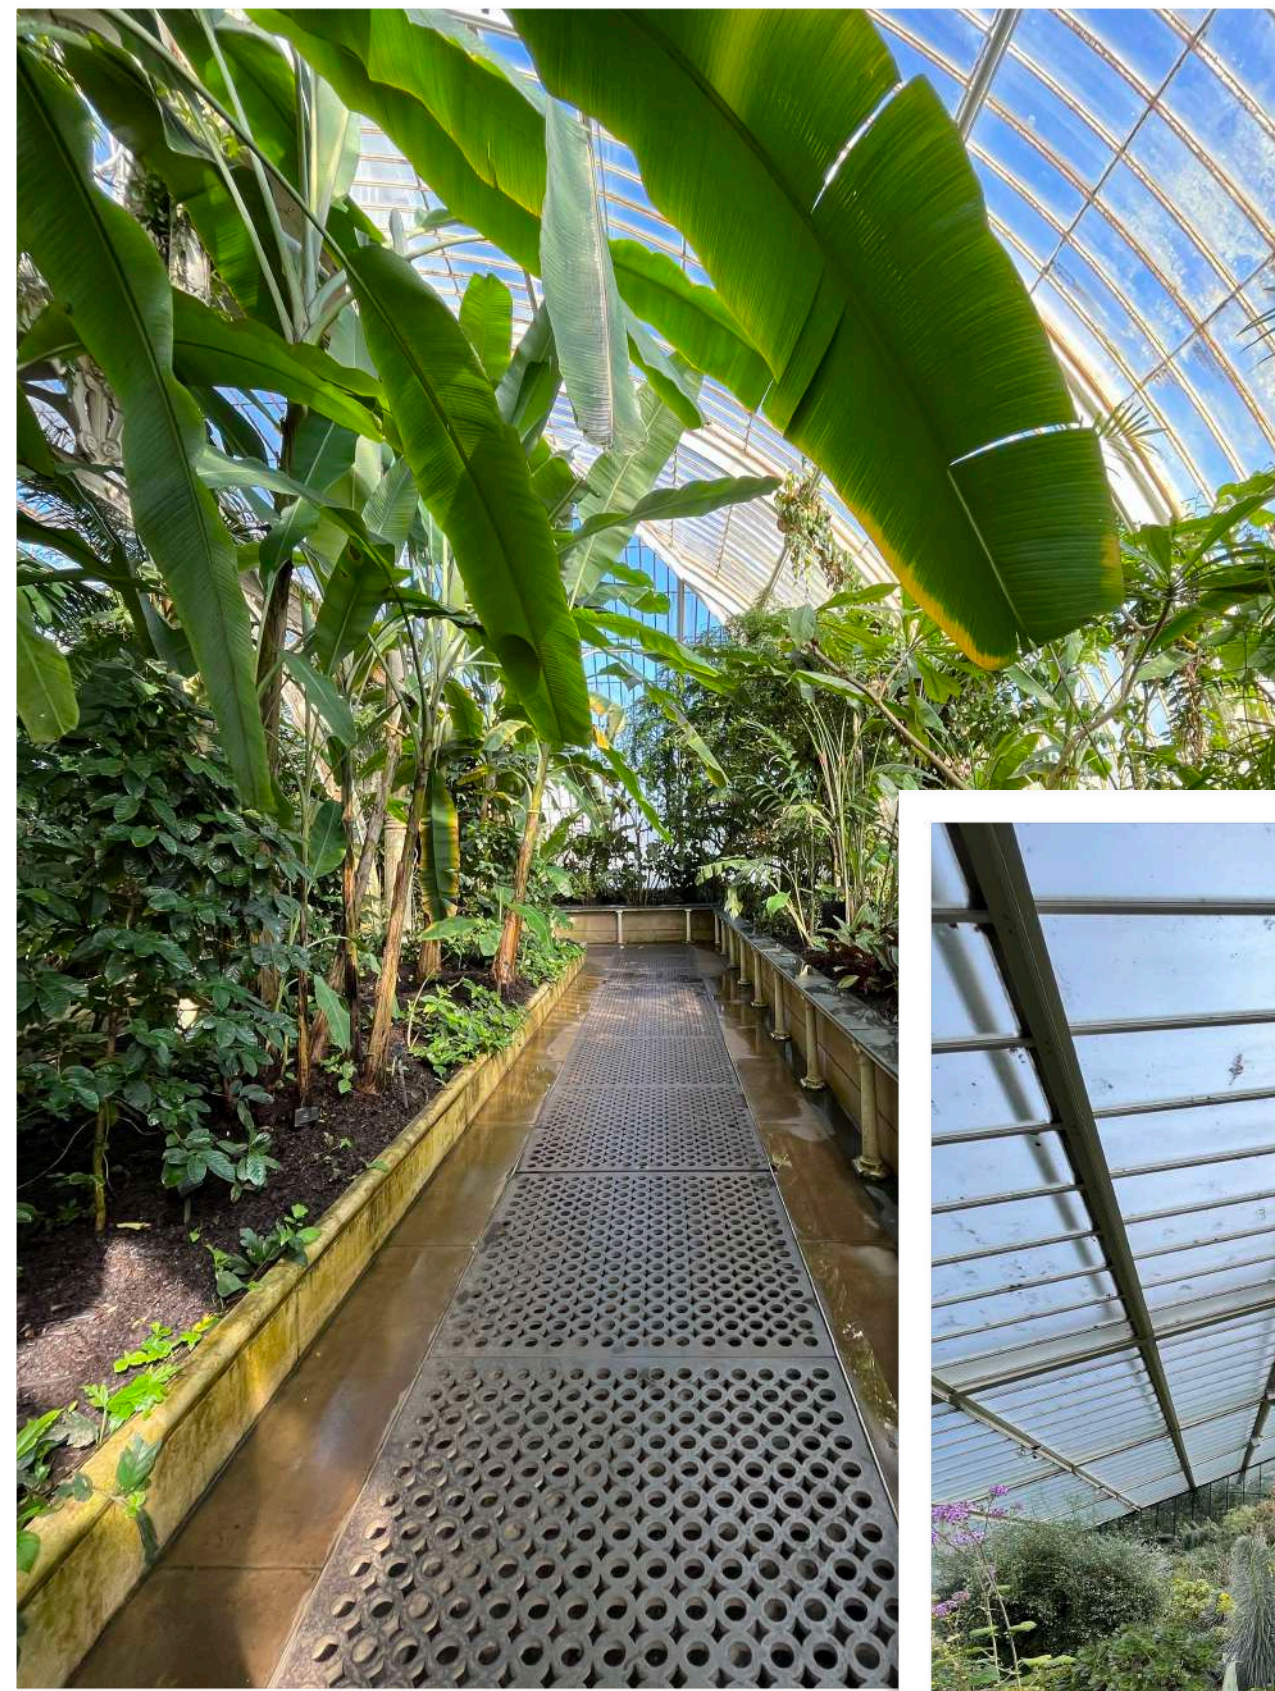

Just before joining our families, we went to Greenwich Park. We saw a beautiful view

Nadia took us to the « Big Mammias Pizza » because she worked all the day and she did not have prepared the dinner

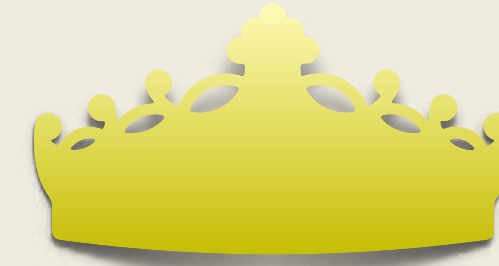

Thursday

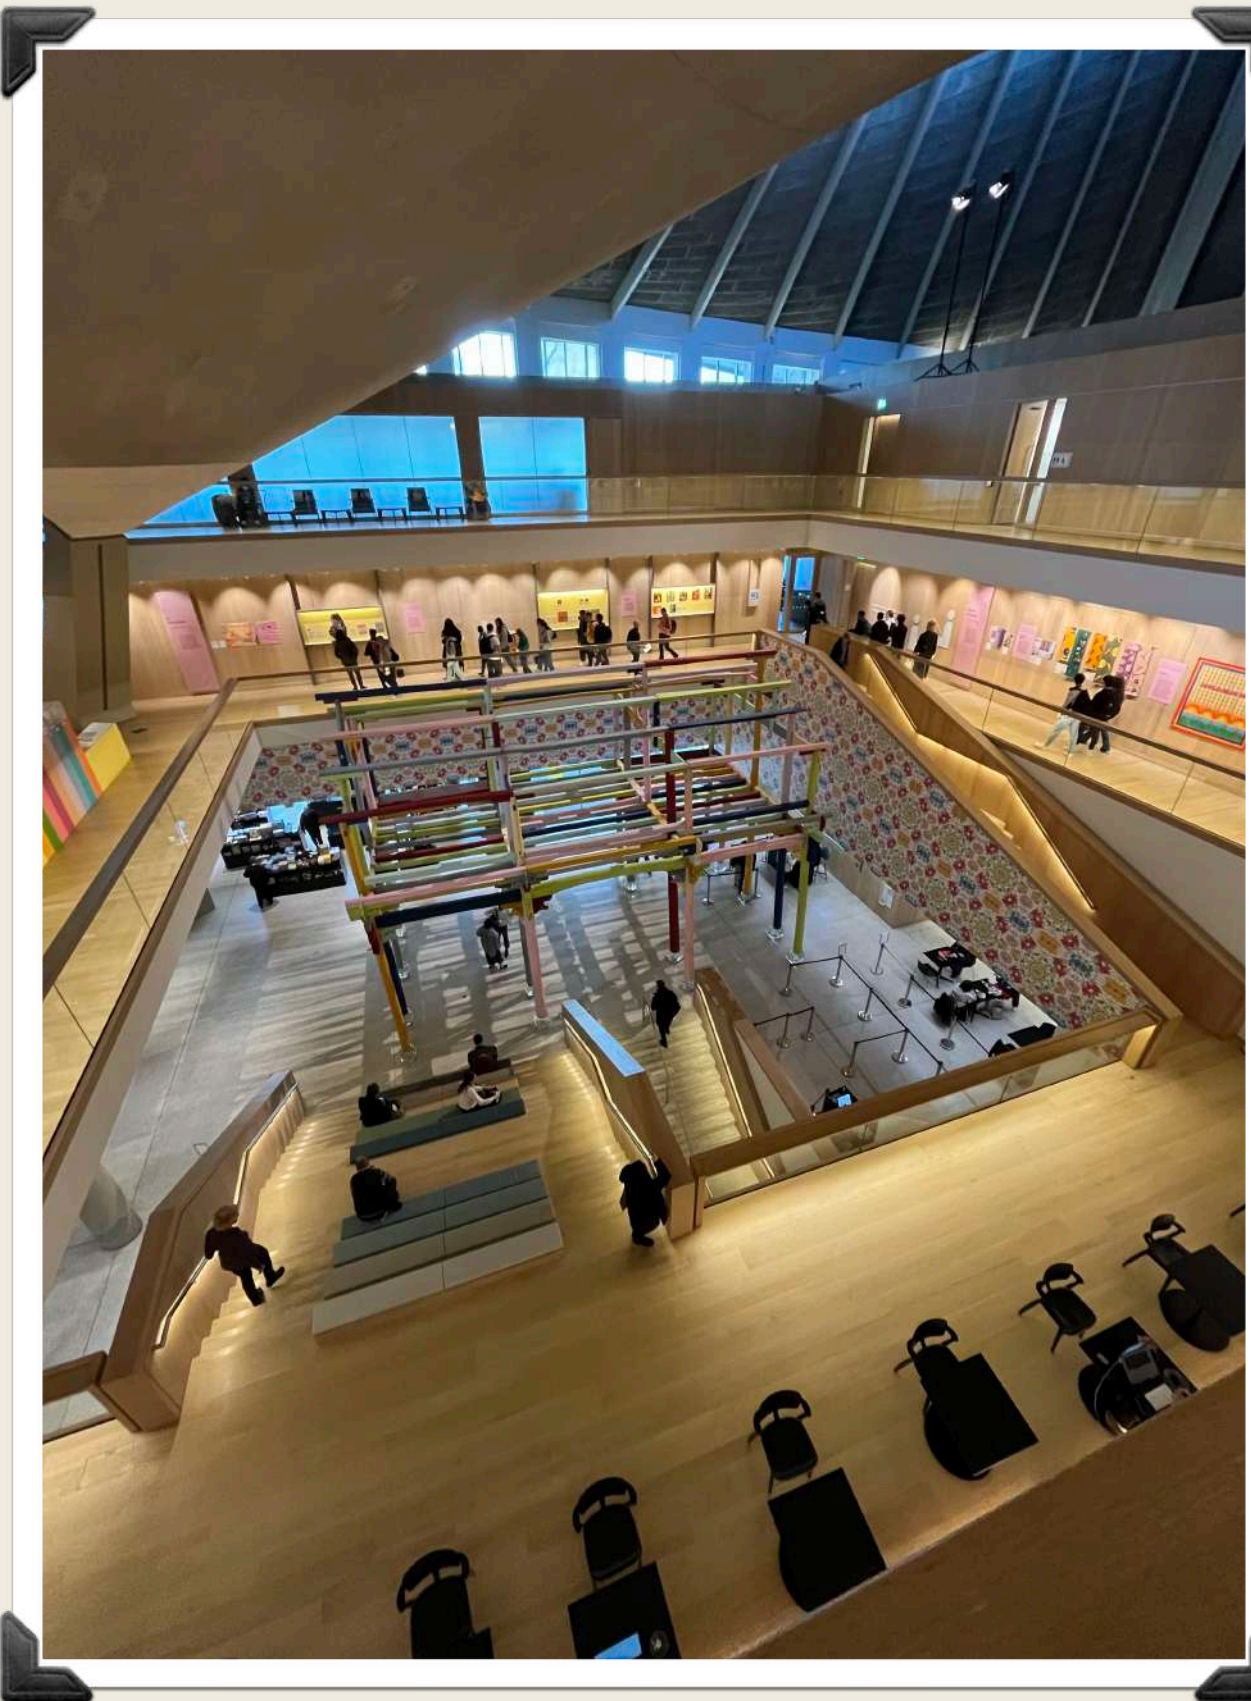

Thursday morning we went to KewGardens.
It was a beautiful garden with a lot of plants

Thursday

After the lunch, we visited Dising Museum. It was an interesting museum

After Modern Museum, we walked around 35 minutes to arrived to Oxford Street. It is a big street with many shops. I think that I would have preferred if it had not rained ☁️

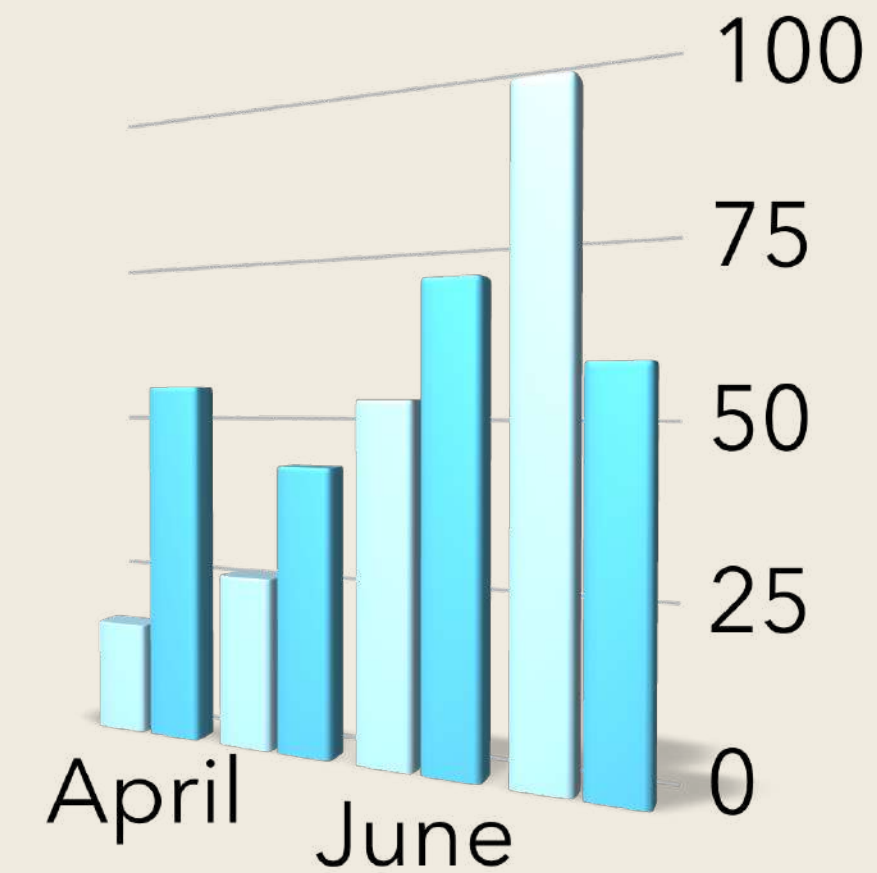

For the last night at Nadia's home, she prepared pasta bolognese for the dinner. 🍝
I thank her for her kindness and for taking a good care of us

Friday

This tower is the biggest tower in London

Friday morning we visited the city of London with a guide who was speaking in French. It is a district mainly for businessmen who work in finance. It was my favorite visit because it was the most interesting

Friday

For the lunch, we ate in Leadenhall. I took a fries with a chicken. Then, we walked to arrived into a beautiful bank and our teachers have made an activity about the bank (I havn't take it in picture 😊)

And for finish, the last place we visited is the M&M's store. It was literally giant but the M&M's was a bit expensive for be honest.

The End
